

# KESWICK

VENEER / LAMINATE COLLECTION

DESIGN CHANGES EVERYTHING®

7990

# K E S W I C K

7990 / VENEER / LAMINATE

*Traditional Styling - Decorative wood accent mouldings, recessed modesty panels, and decorative, plated brass, swinging bail hardware come together to create a rich traditional look.*

*Top surfaces are detailed with decorative cherry inlay veneer and walnut banding with a polyurethane topcoat.*

*Construction - The Keswick Collection consists of wood, wood veneers and wood materials featuring solid wood bases, shaped mouldings and pilasters with an English Cherry finish. Tops are constructed of wood and veneer materials or HPL tops. Veneer tops feature decorative inlaid cherry veneers bordered by a walnut banding. A polyurethane topcoat provides protection against discoloration from sunlight. HPL tops are straight grained.*

*Cases feature mortise and tenon construction with wood cleats, glue, screws, staples and threaded inserts with bolts. Drawers are constructed with solid wood sides and backs, veneer fronts with veneer edgebands and three-ply veneer bottoms. Drawer interiors are stained and sealed and showcase dovetail construction.*

Keswick is the majestic leader in traditional office environments. An impeccable English Cherry finish on cherry veneer with veneer tops and/or HPL tops and refined styling in solid wood pilasters and mouldings offer unmatched luxury. Desks feature felt-lined center and top drawers and central locking. Pull-out writing shelves offer extra work area at your fingertips.

3

"U" Desk is shown with DMI's optional Tower CPU Stall.

*Function - All drawers are suspended on fully extending, metal, ball-bearing slides allowing easy access to the entire drawer. Box drawers have a 100 lb. load bearing rating. File drawers have a 150 lb. load bearing rating and are equipped with metal rods to accommodate front-to-back letter or side-to-side legal sized hanging file folders.*

*All cases are equipped with levelers to adjust for less than even flooring.*

*Computer applicable furniture feature grommets or other openings that facilitate neat and easy management of computer cables.*

*Desks, credenzas, and returns include convenient pull-out writing boards for an expanded work surface.*

## EXPANDABLE TABLES PROGRAM

7990 (English Cherry Finish)

### FEATURES:

- Each top has a pre-installed grommet.
- Tables constructed of veneer, wood solids and wood product. Tops feature decorative marquetry cherry veneers bordered by walnut veneer banding protected with a UV top coat resisting scratches, marring and abrasion.
- Included mending plates ensure proper top alignment and secure assembly (1).
- Each base has six adjustable levelers that also assist in correct alignment and assembly.
- Designed with rails providing stability, adding style and helping to conceal the functional wire management troughs (2).
- Wire management troughs or trays provide aesthetically pleasing means to safely manage cables (3).
- Base component designed with cable opening at the top (4) and vertical channel within the base to guide cables out through bottom of the base.
- The cable opening in the top components are also positioned and sized to facilitate the installation of optional data ports/power centers (4).
