

Aurora™

Seating

Aurora's sophistication takes shape in simple, contemporary terms.

Aurora brings classy luxury and sophistication to your work environment. Its sleek refinement is ideal for executive and management offices, conference rooms, cafés and training areas. High back and mid back desk models feature fixed wraparound arms that connect via a metal sweep across the back in a distinctively elegant design accent. Complement your motif with a choice of metal frame finishes in Polished Aluminum, Platinum Metallic, Satin Nickel Metallic or Cinder. Complete your space with Aurora guest chairs in your choice of three back styles: wood, upholstered and translucent. The many choices enable you to virtually customize any number of offices for a unified seating solution with one simple, versatile product line.

Work never looked smarter. Or felt better.

Aurora desk models put you handsomely in control of your comfort. Synchronous or knee tilt adjustment, combined with variable seat depth, a free-float tilt and easy back tension control, gives anyone the ability to find ergonomic enjoyment. High-grade foam covers body-friendly contours for support with just enough forgiveness for bliss. Aurora's arms welcome yours with soft urethane padding. The sturdy 5-prong base features double-wheel casters, also available in a softer option for extra-smooth navigation on hard floors. Choose from Polished Aluminum or powder coated Platinum Metallic, Satin Nickel Metallic or Cinder.

Aurora™ N65AASA, Maharam Lariat Fern, Platinum Metallic
Aurora™ N65DDP, Sedona Mirage, Cinder
Aurora™ N65AAP, Maharam Scout Dove, Polished Aluminum

Aurora™ N65AAA, Maharam Lariat Fern, Polished Aluminum

Aurora™ N65AAA, Showcase Jet, Polished Aluminum
WaveWorks® Casegoods, Amber Finish

Perfect companions are simply sweet, amazingly variable.

Aurora completes your total seating solution with guest models that distill complementary styling... from the gracefully subtle curves to the unique metal sweep on the back. The comfort factor is undeniable with 2" high-grade foam over a contoured seat panel, reinforced for duty with welded cross members. Opt for a wood, upholstered or translucent plastic back. Specify your frame in a choice of powder coated finishes: Platinum Metallic, Satin Nickel Metallic and Cinder, or choose polished arm accents to complete your look. The design combinations are almost endless.
