TASK SEATING SERIES

TRUFORM™

A seating series that offers value and comfort.

5450-1 High Back Synchro-Tilter

5450-2 High Back Knee-Tilter

Global is pleased to introduce its most extensive offering of seating products. Available with a wide range of mechanisms including: synchro-tilters, knee-tilters, multi-tilters, tilters, operators and task

chairs plus drafting stools (with task mechanisms) as well as multi-tilters for heavy duty applications.

TRUFORM™

Your choice of mechanisms to suit any application.

5451-5 Medium Back Operator

5454-6 Medium Back Task

Truform features gently curved streamlined seat and back cushions for a more comfortable sit. Choose from high or medium backs with height adjustable SC arms as standard.

For value, comfort and style, choose Truform.

Mechanism features

Synchro-tilter chair adjustments
Synchronized seat and back movement with 2-to-1 ratio can be locked in 4 different positions.

Knee-tilter chair adjustments
Seat and back tilt from a pivot point near the front of the chair.

Multi-tilter chair adjustments
Forward and rearward seat tilt with infinite lock and free-floating back angle control. Seat angle adjustment.

Tilter chair adjustments
Fixed back with single position tilt-lock control.

Operator chair adjustments
Seat and back angle adjust independently of each other and lock in any position with free-floating feature.

Task chair adjustments
Fixed back. Seat depth and pneumatic seat height adjustments.

Heavy duty chair adjustments
Built for 24/7 applications. Offers all multi-tilter adjustments.

Ratchet back

Allows the seat back height and lumbar support to be effortlessly adjusted. Standard on all models except those with task mechanisms.

Side activated seat sliders

A convenient side lever configures the seat depth to suit the length of your legs.

Height adjustable arms

Arms can be raised or lowered at the touch of a button. Additional arm options are available. Please consult the Global price list.

Width adjustable arms

WA arm width adjustment provides up to 2" of arm width adjustment on each side of seat.
