

BUFFET CABINETS ARE DESIGNED FOR BOTH HOSPITALITY AND AUDIO/VISUAL APPLICATIONS. ALL DRAWER INTERIORS AND CABINET BACKS ARE FULLY FINISHED WITH VENEER.

NAPOLI ROUND TABLES ALSO FEATURE FLOATING WORK SURFACES WITH KNIFE-EDGE PROFILE ON A STURDY CYLINDER BASE.

CONFERENCE

Napoli conference tables are as functional as they are beautiful. Knife-edged surfaces float over sturdy, curved bases providing an elegant, modern appearance. Standard silver grommets can be replaced by optional power/data modules with cords routed down through concealed base chimneys.

No matter if your conference room is large or small, Napoli tables fit the bill. Our patent-pending modular design provides standard lengths ranging from 6' to 30' and beyond, all at prices that will seem too good to be true.
