

CONNECTABLES™

Modular linking and free standing table system

CONNECTABLES™

Bringing people together... seminars, training, conferencing

Open Conference

Many ConnectTABLES tops can be assembled to be freestanding. When combined with locking casters and the new flip top "T" leg, the result is easy storage and complete portability.

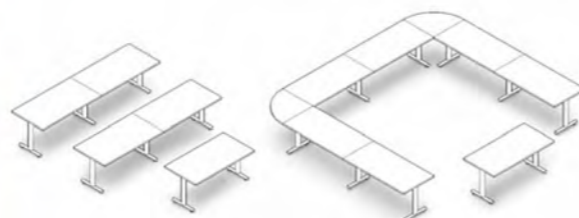

Meeting Rooms

ConnectTABLES modular units will provide quick and affordable answers for all sizes and shapes of rooms and applications.

Educational and Training Rooms

ConnectTABLES table tops configure easily into temporary or permanent educational applications.

and team cluster work groups

Seminar

Featured here are Rectangular and Trapezoid shaped tops with optional modesty panels for an open meeting environment.

Modesty Panel, Wire Management Channel or Modesty Panels with Wire Management Channel are three optional packages available. Connects to pre-drilled holes in table top. Optional black wire grommets can be ordered 'factory installed'.

CONNECTABLES™

Bringing people together... seminars, training, conferencing and team cluster work groups... an affordable and highly flexible system of modular tables

Open Conference

Many ConnectTABLES tops can be assembled to be freestanding. When combined with locking casters and the new flip top "T" leg, the result is easy storage and complete portability.

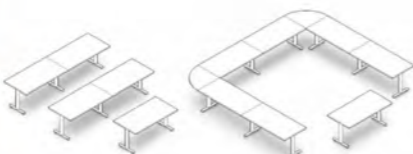

Meeting Rooms

ConnectTABLES modular units will provide quick and affordable answers for all sizes and shapes of rooms and applications.

Educational and Training Rooms

ConnectTABLES table tops configure easily into temporary or permanent educational applications.

Heavy-duty steel "T" legs link two tops or support freestanding tables. Eight base finish options highlight the attractive black elliptical column cover.

36" Double "T" leg for use with new 36" top shapes. Features double black PVC elliptical column covers.

Optional Flip Top "T" Leg facilitates easy storage. Available in black only for many 24" and 30" tops.

ConnectTABLES provides solutions for a myriad of day-to-day work environments. Designed as easy-to-use linking or freestanding tables.

CONNECTABLES™

ConnectTABLES tops are available in a variety of colors.

PVC edge

Protects both the table edge and the surrounding environment.

Steel to steel fastening

Durable steel-to-steel fastening ensures a secure connection for both linking and freestanding positions.

Thumbscrews - CNTS

Optional, easy-to-use thumbscrews allow installation without tools.

Ganging Hardware - CNGFP

Thumbscrews provide easy ganging for two or three way connections. Swings away when not in use.

All ConnectTABLES tops have steel inserts at each corner to accommodate ganging hardware.
