

# Dufferin™

Dufferin presents a bold new approach for the office environment – the integration of wood veneer and laminate. Worksurfaces, drawer and cabinet fronts use genuine wood veneer while the chassis and cabinets are finished in laminate. The result is a rich, two tone appearance

to coordinate with any contemporary business interior. Possibilities are endless with the vast array of components, finishes and accessories. This refined, intelligent design creates an understated elegance that combines functionality with uncompromised quality.

# Dufferin™

Above: Executive office "U" group configuration with boat shaped piano desk. Wood modesty panel (optional), extended curved corner credenza with pedestal, hutch, tackboard and storage cabinet. Shown in Espresso Walnut (VEW) veneer with Platinum (PLT) laminate chassis and Tungsten (PL66) handles.  
 Cover: Shown in Caramel Bamboo (VBM) veneer with String (STG) laminate chassis and Tungsten (PL67) handles.
