

EASTON™

Style to suit your individual taste

EASTON™

Easton creates an impressive atmosphere for executive suites and boardrooms.

Constructed from grade "A" wood veneers, Easton creates an impressive atmosphere for executive suites and boardrooms. Distinctive detailing, including two edge designs and perforated mesh details on many components, add a strong and sophisticated feel to your office space.

Surface tops and pedestals are available in either a Contemporary or Transitional edge detail to suit your individual taste. All drawers and doors feature a choice of three handle options, including Straight, Round or Bowed designs. An incredible array of worksurfaces, such as Delta Extended Corners, Radius End Islands and Connectable Tables allow you to create the workspace that suits your needs and personality.

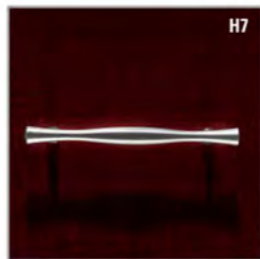

Versatile and stylish storage units include hutches, bookcases and personal towers, to name a few. Center Storage Tower Hutches are as stylish as they are functional, featuring open storage shelves perfect for important documents or personal items. Complete your office space with beautiful, exquisitely detailed Boardroom Tables, available with installed Power/Data accessories to provide all the communication necessary for today's requirements.

Shown in Honey Maple Wood Veneer with Contemporary Edge and Straight Handles and Executive 5 and Experience seating

Available with Transitional (TN) Edge Option (Shown) or Contemporary (CT) Edge Option (Shown above)

Three handle options are available to customize your office design: Straight Brushed Nickel (A7), Round Chrome (H8), and Bowed Brushed Nickel (H9)

- All surfaces are constructed from grade "A" veneers with 1 1/2" thick tops
- Select from two edge designs and three handle options
- Extended Corners and Islands enhance worksurface space while creating visual appeal
- Delta and Radius End Extended Corners feature a full perforated mesh modesty panel in Silver or Black
- Eight attractive warm veneer woodgrains are ideal for home or office

EASTON™

Shown in Warm Cherry Wood Veneer with Transitional Edge and Bowed Handles with Beacon and NuCAS seating

Introducing Easton — progressive styling offering two edge designs and three handle options.
