

ABERDEEN

Aberdeen's all-laminate line offers exceptional durability and affordability you would certainly expect from any of the **realoffice** lines. However, it also features attractive design elements such as textured glass panels, brushed nickel pulls and stainless steel grommets.

Desk and counter surfaces are a full 1 5/8" thick with a protective 5mm reeded PVC edging that will stand up to abuse.

Abundant storage elements, as well as a wide selection of leather lounge and guest seating allow you to completely furnish your reception area with matching components.

TEXTURED GLASS AND CURVED BRUSHED NICKEL PULLS SPEAK TO ABERDEEN'S ATTENTION TO DETAIL.

RECEPTION STATION HAS BOWFRONT COUNTER AND OPTIONAL RETURN.

ABERDEEN FINISHES
