

Casbah®

Casegoods

Luxury casegoods
with a mix of fresh materials and undeniable style.

Casbah® brings refined grandeur to the office with a product line that conveys strength, finesse and perfection. It's a collection that inspires solutions and fulfills a vision of prominence.

For image-sensitive atmospheres, Casbah echoes assurances of stability and confidence. A recessed façade worksurface detail isolates horizontal and vertical planes to create the perception of surfaces in suspension. Specify wood or glass doors to evoke transitional or contemporary feelings. Choose from among five National hardwood finishes and three pull styles to complete the distinctive look you desire. As a luxury ideal, Casbah makes comfort inseparable from efficiency. Choices for personalized storage include wardrobe and entertainment cabinets, plus wall mount cabinets and highback organizers in two heights. A technology option permits easy integration with workflows. Tables, including conference, end, and console models, complete a full and flexible line.

High style. Desirable convenience.

Beyond the executive areas, Casbah works for you anywhere in the organization. A P-top desk makes informal conferencing and collaboration feel natural. Highback organizers and storage cabinets in two heights let you create the right scale for the space.

For almost any configuration you can imagine, Casbah brings everything you need to blend high style and desirable convenience.

Creative sparks.

Posh privacy, yes. But Casbah feels natural in open plan areas, too.

Luxury blends with smart features in a surprisingly simple way to make shared spaces more refined and productive. Wherever image is as important as function, Casbah answers... proving it's not only 'what you say,' but 'how you say it' that matters.

Impressive welcome.

Casbah makes warm feelings immediate and memorable.

The U-shaped reception station provides an ideal welcome to sophisticated settings. It offers a generous workspace with privacy to enhance employee comfort and productivity. The striking arc modesty for desks and reception units creates a guaranteed great first impression.
