

Specifiers can easily tailor Entrata to environments through the materials offering. Mixing materials to suit the space or the rooms beyond has never been more convenient.

About Entrata

Entrata, a collection designed for welcoming visitors and working efficiently.

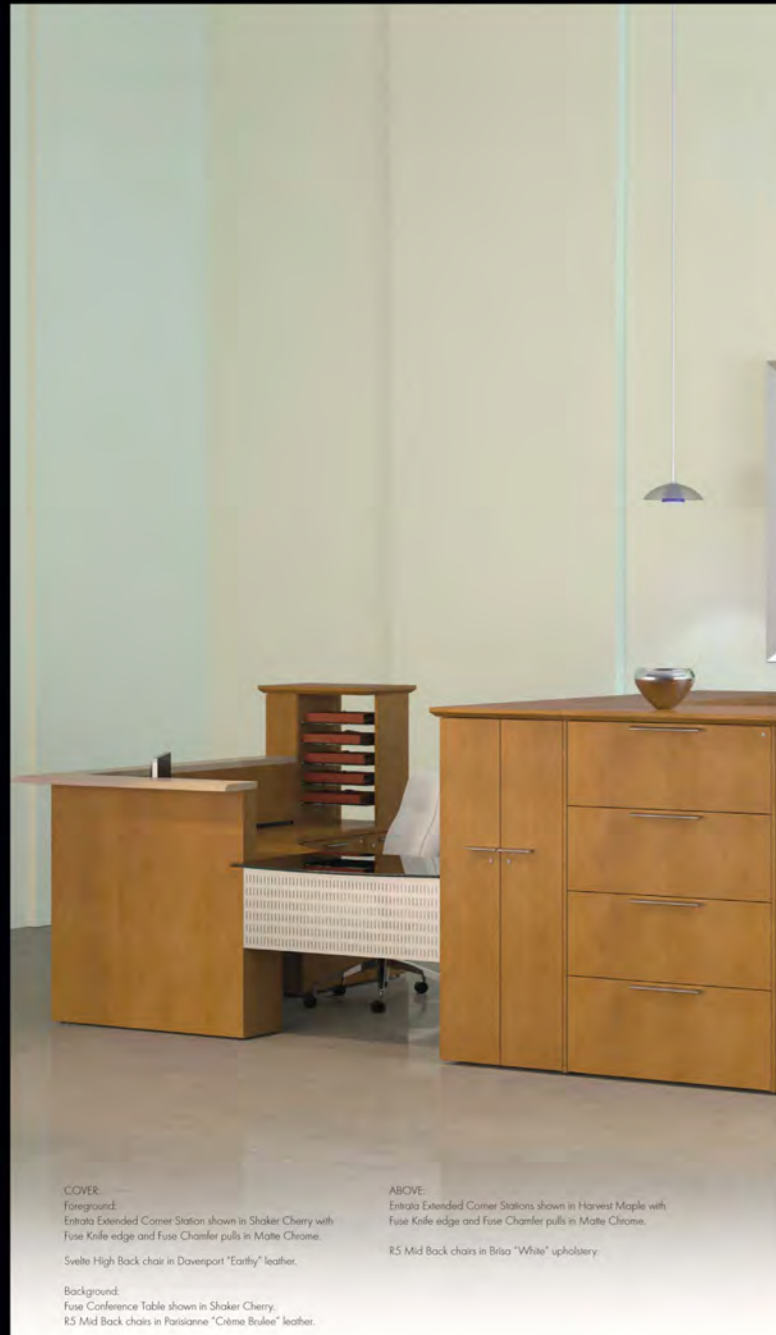

In cherry or maple, with glass, quartz, metal, resin panel and figured veneer accents, Entrata creates impressive visuals and supports workload needs in spaces of nearly any size or shape.

From Paoli. Fine craftsmanship and excellent customer service.

STRONG, STURDY, SUBSTANTIAL

Paoli's exclusive TechAge finish enhances the natural beauty of wood and gives lasting protection.

Wood drawers are sanded smooth and finished to a satin sheen. Dovetailed joinery is a testament to Paoli's legacy of craftsmanship and durability.

Full-extension metal ball-bearing suspensions are featured on all Entrata center, box and file drawers - offering accessibility, strength and ease of use.

Keyless, wireless locking is available. Programmable codes and remote release enhances security and convenience.

Single monitor or double monitor arm options raise monitors off the worksurface, making more work area accessible.

Accent Entrata with stand-off panels in painted glass, translucent resin or figured veneer.

Sèvres Guest chairs in Russo "Ascot" upholstery.

Maintaining confidentiality drives requirements that Entrata intends to meet: print or file papers within the workstation; shield direct views of worksurfaces or monitors; and converse privately with standing or seated visitors.

A 28½" high bridge provides a comfortable height for seated visitors and for wheelchair accommodations.

Entrata creates uniquely productive work areas that can remain neat at all times, provide easily accessible cable routing paths and allow seated users to complete tasks and greet visitors.

A door, a removable panel or a grommet is found just about everywhere a cable or cord can be routed.

MORE ENTRATA FEATURES

File drawers keep forms and paperwork organized and easily accessible. Storage cabinets offer lateral file drawers.

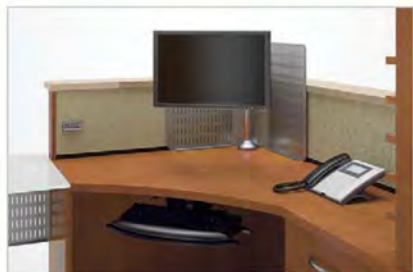

The Technology Cabinet's pull-out shelf is for laser printers or multifunction devices, with adjustable open shelving above and below.

An integrated, slotted paper holder in the Personal Tower houses magazines, brochures or booklets in a handy location.

Doors at both ends of the Personal Tower give easy access to CPUs or equipment while taming the tangle of cords and cables.

Personalize Corner Stations for comfortable performance with Entrata's adjustability accessories.

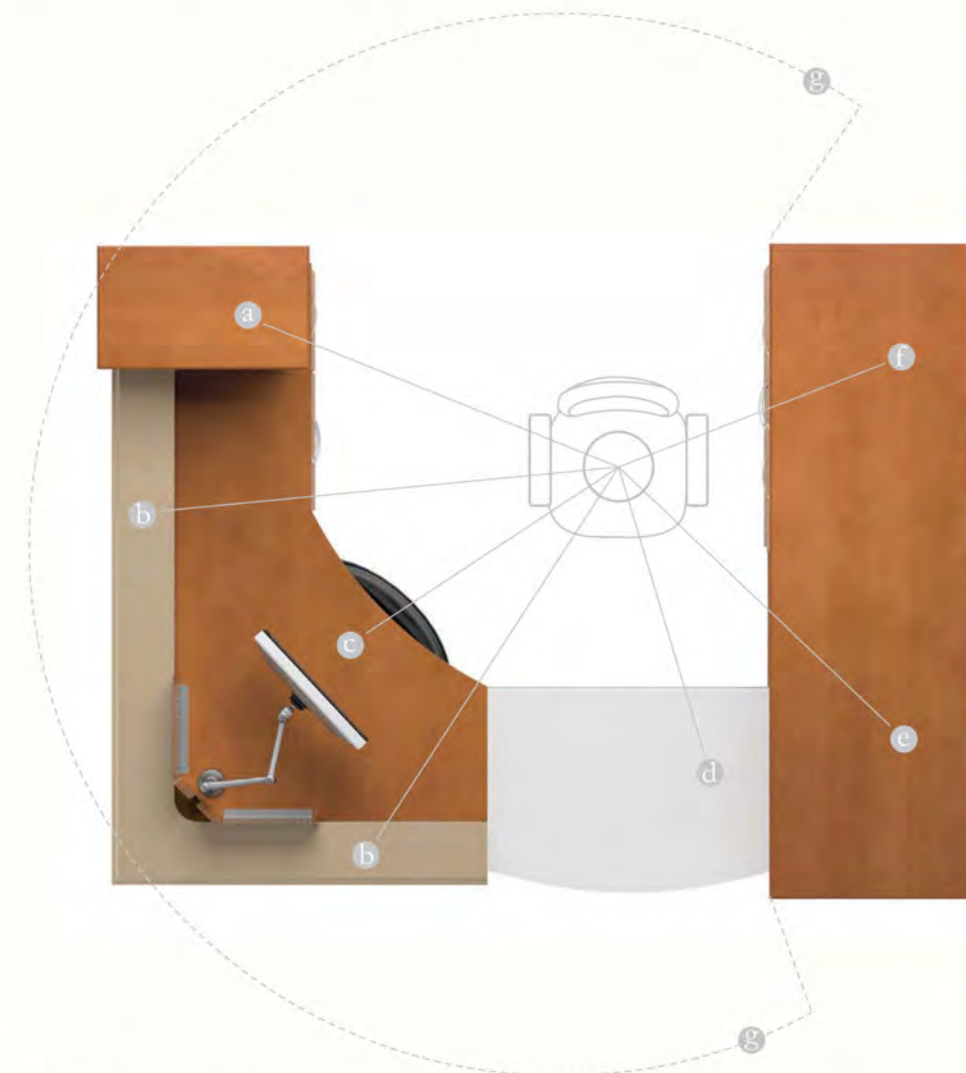

Wardrobes store coats, briefcases, boots or extra shoes and anything else securely and out of sight.
