

WaveWorks®

Casegoods

NATIONAL

Furniture with Personality™

Fresh solutions for your entire organization.

Reception

Yes, first impressions matter. Say everything you want to say about your organization without saying a word with WaveWorks.

Private Office

The ever evolving private office demands versatility. From being supported by our Exhibit™ wall rail solution or going for the layered surface look, WaveWorks' designs transcend all tastes and functional preferences.

Collaborative

From touchdowns and impromptus, to the all day meetings, collaboration gets business done the right way. And, comfortable, appropriate, and technology enabled furnishings only enhance the effectiveness of collaboration

Open Plan

Whether one department or areas of open space, WaveWorks opens minds when wanting the benefits of a free flowing environment that still provides personal areas to get things done.

Conference

From converted mail rooms to executive boards, WaveWorks accommodates with lustrous veneers or durable laminates with a full supporting cast of storage, media walls, buffets and lecterns as well as data and power conveniences.

Training

Creating an environment that is conducive to soaking up information and flexible enough to move from a classroom setting to group interaction, WaveWorks does all this and more.

Your Office Will Never Be The Same!

WaveWorks captures the essence of imagination with a sea of choices, dynamic design, sustainable insight and unapparent affordability.

WaveWorks. Your imagination has no limits.

This all-inclusive casework and tables solution truly inspires with its infinite combinations of materials, finishes, profiles and pulls. WaveWorks maximizes space by utilizing the wall itself when paired with our Exhibit™ wall rail solution. Equally inspiring are WaveWorks' quality and sustainable attributes. WaveWorks earns ANSI/BIFMA level® 3 and SCS Indoor Advantage™ Gold certifications and is available with FSC® certified wood, all of which can contribute to earning a LEED® Green Building Rating. What's more, WaveWorks' wood veneer features IntegraClear™, National's proprietary environmentally-friendly, water-based UV finish which offers exceptional durability and clarity enhancing the natural beauty of the wood. All wood surfaces are also embedded with our Antimicrobial Silver Ion Technology to inhibit the growth and spread of harmful microbes.

 Mix-it® Mesh Back Task Seating, Silica™ Tropic

You, a wall and WaveWorks... creativity unleashed.

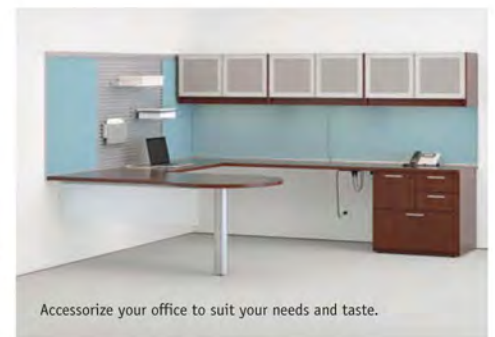

How can WaveWorks become even more versatile? Match it with our Exhibit™ wall rail solution. It removes barriers and transforms the walls into purposeful design elements offering a variety of solutions for all workplace, collaborative and social environments. Exhibit's wall rail solution supports WaveWorks worksurfaces and overhead cabinets, which can be positioned anywhere along the rail. The rail, along with tackable and marker board inserts, can be field scribed for a custom fit without the custom price. Throughout this brochure, Exhibit can be found paired with WaveWorks allowing the walls to do the "heavy lifting" creating a lighter, airier aesthetic while providing easy access to electrical and data.

Put pedestals in place and add worksurface brackets.

Attach worksurfaces and add any necessary additional support.

Accessorize your office to suit your needs and taste.

Cohesive appeal with individual tastes.

WaveWorks accommodates individual tastes while delivering a cohesive look throughout an organization. From grand impressions in the executive suite, to more pragmatic purposes for mid-level management, as well as the daily nuances of administrative spaces, application appropriate solutions can finally be accomplished by a single series. Rich hardwood veneers, stunning glass top ensembles, sleek metal coupled with durable laminates and thermofoils, all accentuated by limitless storage options. What's more, go vertical with an Exhibit and WaveWorks solution for a more economical office with stylish appeal.

From open spaces to open minds.

It shouldn't require reserving a conference room to hold a brainstorming session. Collaboration should have the opportunity to happen on the fly without impeding the individual work of neighbors. And, an open plan area can be expansive space or a mere corner of the building, this is where WaveWorks' scalability comes in very handy. Layered surfaces, mobility and an array of shapes, angles and contours promote teamwork and productivity in group and personal responsibilities.

Gather to do things better.

There are so many reasons to get together on a daily basis and most involve doing things better. WaveWorks' solutions provide the ideal environment for people to collaborate, learn, or provide an executive briefing. Regardless of the agenda, WaveWorks tables, media components and storage options offer the flexibility to adjust to the groups' needs. From boat-shaped to racetrack and café height to flip/nest capabilities, no matter how you set your table, WaveWorks' compatibility with today's technologies plays its part in keeping meetings moving along. Lecterns, carts and an array of seating selections complete your conference and training space to ensure attendees are comfortable and prepared.
