

GC4164
Phoenix wood armchair.

Simple yet elegant, The phoenix hospital chair series combines straight lines and curves to create a beautiful, clean-looking armchair. Featuring a distinctive rolled wood top rail on the chair back. Phoenix's elegance is further enhanced by beautifully accentuated curves on the armrests and legs. The extended armrests help users to firmly grip the chair when exiting.

Additional leg support bars on the leg frame maintain the aesthetic beauty of the armchair and provides perfect hospital waiting room furniture.

Product shown in Mayer Fathom, WC763006 Lava Flow back and Mayer Phoenix, PH010 Mocha seat with CJM Charcoal Java finish.

Phoenix rolled wood top rail.

Phoenix armrest with accentuated curve and grip extension.

Phoenix gracefully curved back leg.
