

GC4161
Savannah armchair.

Majestic and elegant, the Savannah line of medical chairs will enhance the decorative interiors of family, patient rooms and public lounges or residences. The armchair is styled with a “picture frame” back design, with curves extending through to the graceful arm and superbly cratfed legs. Additional leg support bars complement the leg frame and ensure durability.

Providing a perfect fit and exceptional comfort, the seat depth, width, back height and arm height have all been designed with ergonomics in mind. Savannah seating, a perfect complement to all of your healthcare furniture needs.

Product shown in Maharam Verse, 002 Bushel with SBM Sandy Beach finish.
