Office Work Station

Office Work Stations

Who says you can't be all things to all people?

e5 is the go-anywhere, do-anything office furniture workstation solution that can be used to furnish everything from private offices to the open office environment of today's collaborative workspace.

Easy to Specify. e5 offers a logical, intuitive structure along with a minimum number of parts – so specifying is simple, quick and slick. It's almost impossible to get it wrong ... but help is just a phone call away if you need it.

Easy to Install. We know (down)time is money – so we put a whole lot of brainpower into designing uncomplicated connections. Modular units, for example, simply slide and lock securely into place, requiring minimal tools and fasteners.

Easy to Power. This is where e5 really excels. Our patent-pending Technology Beltway takes power throughout any configuration, seamlessly and transparently ... even after the system has been assembled. Connections are all easily made from a seated position.

Easy to Reconfigure. e5 prepares you for whatever the future may bring - because it's a cinch to rearrange, reuse and reinvent your open office environment as conditions dictate. Today's office work station can become tomorrow's executive desk ... or vice versa.

Easy to Afford. e5 delivers superior technology integration, exquisite fit and finish, and an all-around user-friendly experience that simply cannot be matched at this price point. Go ahead and compare us to the rest!

A NEW PERSPECTIVE ON TODAY'S
OFFICE WORK STATIONS

THE WALLS COME TUMBLIN' DOWN.

Today's "open office environment" require a level of collaboration that most panels systems just won't allow. e5 delivers the space-saving footprint and expansive power capabilities of a panel solution in an environment that promotes interaction, without the isolating walls. **Easy-to-Power** features include Technology Beltways and a variety of 8-wire/4-circuit Power Kits that will accommodate even the most tech-intensive environments.

MAYLINE OFFICE FURNITURE

MODULAR OFFICE FURNITURE SYSTEMS - e5

Worksurfaces in Designer White, Wardrobe Towers in Raven, and Storage Cabinets in Raven with Delve Black and Veer Black fabric Cushions. Commute™ Chairs in Flection Tango fabric.

Power is routed from the source and up to the worksurface via our innovative Technology Beltway. Power kits can be added and reconfigured any time, with virtually no tools required.

Power and data outlets are placed within arm's reach while an integral trough below the worksurface conceals excess cabling. Easy!

THE LONG AND THE TALL OF IT.

- ▶ An “open office environment” makes extremely efficient use of real estate while promoting collaboration. e5 makes “office work stations” even more comfortable and productive with options for standing-height worksurfaces and overhead storage. Worksurfaces cantilever into position and storage components simply slide and lock into place atop our Technology Walls - the load bearing equivalent of our Technology Belts. That’s just one of many **Easy-to-Install** touches!

Worksurfaces and Overhead Cabinets in Designer White, Standing-Height Worksurfaces in Raven, Mobile Pedestals in Columbian Walnut with Cushions in Beeline Forge fabric. Commute™ Chairs in Flection Foil fabric.

Technology Walls offer arm-level access to power/data plus convenient cable troughs.

Modular components install in a snap – they just slide and lock into place. Overhead Cabinets are offered with or without frosted glass or laminate doors, or as an open pass-through.

ONE PLATFORM, MANY USES.

e5's common-sense approach to building office work stations makes it just as

Easy to Specify private offices as a collaborative workspace.

A variety of freestanding and wall-mounted components let you create near-endless configurations, in colors and finishes that range from traditional to ultra-modern. Use e5 throughout your open office environment to create a unified look, feel and function while enhancing your **Easy-to-Reconfigure** flexibility.

Easy-to-attach acrylic or laminate Modesty Panels are available for all standard configurations.

▶ A universal kit of parts eases specification in every area of your floor plan. Worksurface in Designer White. Storage Cabinets, Overhead Cabinet with laminate doors, Support Modules and Wardrobe Tower in Summer Suede. 3200 Chair in Black fabric.

▶ e5 makes even full-featured executive offices amazingly affordable. Worksurfaces, Pedestals and Wardrobe Towers in Columbian Walnut. Storage Cabinets, Overhead Cabinet with frosted glass doors and Support Modules in Designer White. Commute™ Chair in Flection Tango fabric.

▶ Overhead Cabinets may be supported by Corner Units with shelves (above) or Storage Modules (upper left).

▶ A magnetic Tackboard spans between vertical components to display notes, photos and art.

Worksurfaces may be supported by full End Panels in addition to Steel Legs or Pedestals.

IT'LL GROW ON YOU... AND WITH YOU.

e5 is **Easy to Afford** for even the smallest companies. Because it's also **Easy to Reconfigure**, adding workers and transforming work environments is a piece of cake. You can repurpose components into entirely new applications and expand office layouts with minimal disruption. Bulk up storage. Diversify function. Add more power, anywhere you want it. Whatever your needs, now and in the future, you can count on e5 for an easy solution.

Right- and left-hand Hatchet Worksurfaces provide expanded working space.

Specifying Technology Walls will help position you for future growth – you can add modular components like Overhead Cabinets and Standing-height Worksurfaces as your business evolves.

Standing-height Worksurfaces invite collaboration and promote movement.

Storage Cabinets are two-sided – an open or doored compartment on one side and a Markerboard or Tackboard on the other, so they're functional from either direction.

It's evolution in progress, with the addition of new storage and surface components, as well as a private-office suite. Open Plan: Worksurfaces and Pedestals in Summer Suede, and Overhead Cabinets and Standing-height Worksurfaces in Designer White. Private Office: Worksurfaces, Pedestals, Overhead Cabinets, Support Modules and Wardrobe Towers in Columbian Walnut. Commute™ Chairs in Flection Foil fabric throughout.

Storage Story.

Freestanding casegoods include a variety of layered- and desk-height Base Units as well as Wardrobes and Bookcases. All are equipped with metal legs to facilitate floor cleaning.
